

Secrets of the Sands Landscape Partnership. Revealing the Ridge workshop.

Working Woodlands Centre.

30th September 2015. 9.30am to 1pm.

Objectives of the workshop:

1. To find out from the Greensand Ridge community, whether there are local opportunities for developing heritage themed walking, cycling and horse-riding trails which engage people with the natural and cultural heritage of the Greensand Ridge.
2. To hear from the community about opportunities they would like to pursue to create interpretation along trails to engage people with the natural and cultural heritage of the landscape.
3. To support the community to build up project plans to create signage and promotion for circular walking and cycling routes including interpretation boards; information leaflets and smartphone apps.

Programme:

Time	Item	Deliverer
